I know I'll be asked about the UPS Store progress. Did Mike or Chad call DOT? Has the parking enforcement been reduced pending official City action to modify the parking time limits at the curd? (That is, 2 spaced painted to allow 15 minute parking.)

And how about a meeting with Trisha re the van enforcement issue? I may want to bring Miki to that one with me. I just want to get a meeting date on the calendar. We're going on a year or so on this one.

Thanks Nate.
